

British Tunnelling Society Young Members

Monday 13th September 2010 at 6.00pm

Godfrey Mitchell Theatre, The Institution of Civil Engineers,
One Great George Street, Westminster, London SW1P 3AA

Occupational Health in Tunnelling

Speaker:

Dr Donald Lamont – Health and Safety Executive

We are pleased to present Dr Donald Lamont (recently of the Health and Safety Executive) who has worked with HSE since 1984. In 1987 he became HSE's HQ tunnelling and ground engineering specialist. Dr Lamont will give young engineers a presentation about occupational health hazards in tunnelling.

The presentation will also identify occurrence, relevant legislation along with ideas for risk mitigation measures for designers and contractors. A brief history of some of the tunnelling-specific hazards and related HSE research will be included.

Tea and biscuits will be available at 5.30pm

Advance booking not required

The event will be followed by a social in the ICE bar
